

CONNECTICUT ASSOCIATION OF HEALTH CARE FACILITIES, INC.

February 20, 2014

Written testimony of Matthew V. Barrett, Executive Vice President of the Connecticut Association of Health Care Facilities (CAHCF), Inc. in Support of S.B. No. 104 (RAISED) AN ACT PROVIDING FINANCIAL RELIEF TO NURSING HOMES FOR UNCOMPENSATED CARE.

Good afternoon Senator Slossberg, Representative Abercrombie and to the members of the Human Services Committee. My name is Matthew V. Barrett, Executive Vice President of the Connecticut Association of Health Care Facilities (CAHCF), our state's one hundred and sixty-seven (167) member trade association of skilled nursing facilities and rehabilitation centers. Thank you for this opportunity to offer testimony this afternoon in support of S.B. No. 104 (RAISED) AN ACT PROVIDING FINANCIAL RELIEF TO NURSING HOMES FOR UNCOMPENSATED CARE.

This legislation is badly needed to address the persistent and worsening problem of excessive delays in the long term care Medicaid eligibility determination process at the Connecticut Department of Social Services (DSS) for skilled nursing facilities. Connecticut skilled nursing facilities and their residents are harmed by excessive delays in the eligibility determination process. As Medicaid applicants residing in nursing facilities await final disposition of their requests for state help, Connecticut nursing homes are simultaneously providing uncompensated care for periods of time often exceeding federal standard of promptness rules. This bill addresses this situation by requiring advanced payments for the money owed by the state. The bill also addresses the fundamental unfairness of requiring nursing facilities to pay provider taxes, penalties, interest and fees for care provided to Medicaid applicants and recipients, when no payment is being received from Medicaid for providing care due to excessive delays.

Our nursing home is harmed by these excessive Medicaid eligibility and payment delays. Tens of millions is owed to Connecticut nursing facilities while services are delivered to Medicaid recipients. Provider tax payments become due and payable of the Medicaid cases yet no payment has been received. This is happening all across the sector.

CAHCF applauds and encourages the DSS efforts to modernize its eligibility systems and for their commitment to hire badly-needed eligibility staff to address delays across the entire public and medical assistance spectrum. However, the state's initiatives are not yet providing relief, and we are concerned the situation may continue to worsen. Please pass this bill. Our nursing home needs your help.

I would be happy to answer any questions you may have.
